

# How We Help the Library

---

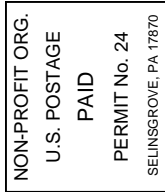

Our group is committed to helping improve our library's facilities, programs and services. We've funded, in full or in part, many items that appeal to a diverse age group:

- Annual Summer Reading Program
- Early Literacy Station - Children's Computer
- Primary Early Readers
- Parent Magic Books & DVDs
- Award-winning children's books
- New shelving in Children's area
- New magazine and newspaper shelving
- Laptop Computer & Desk
- Movie License
- Periodic additions to adult collection

Since inception in 2003, our group has donated \$92,000.00 to the library.

# 2011

**Membership Brochure**

## Who We Are

Friends of the Selinsgrove Community Library is a non-profit organization of volunteers whose mission is to:

- Raise awareness of the library's needs
- Support the library in developing improved programs, services and facilities
- Raise funds to accomplish these goals
- Advocate on behalf of the library; speak up for the library in our community
- Assist the library with special events

## Why does the library need help?

The library provides services for all ages in our community including programs for pre-schoolers, creative programming for teens, internet access for all ages, adult book discussion groups and many other resources and programs.

State and local funding are not enough to support all of the Library's wonderful programs. Therefore, the Library still relies heavily on private donations and support from our Friends group.
